

THE SUMMIT

Sean Gladding hails from Norwich, England. Sean and Rebecca moved to Houston, Texas, to serve on the staff of Mercy Street, a 'church within a church' at Chapelwood UMC, a community for people

in recovery: both recovery from addiction, and recovery from bad church experiences. Sean & family returned to Lexington in August to re-join Communality. Sean has ridden his '84 Harley Davidson most days since 1991.

Charlie Hall has been traveling for almost 15 years, from OKC to Kuala Lumpur, enthraling friends and strangers with his goatee and his songs. With a musical journey that has crisscrossed all kinds of rock

music, folk music, and electronic music, he carries a songwriting sense that aims to capture dense images of life with God, in compositions that can be carried with the listener.

Joe Castillo is absolutely unique! It is almost impossible to describe a SandStory presentation to one who has never seen it live. Magically coaxing detailed images from the fine grains of sand, then transforming them into ever-changing shapes. SandStory

is an awe inspiring, captivating, inspirational experience.
